

AGM Club Delegate Report Template – AWRSC 2019

Topic	Comments
Club Introduction	Auckland Waitakere Roller Sports Club provides coaching and training facilities for artistic skating to predominantly West Auckland families.
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	Run weekly Learn to Skate Classes during school term, hosted Auckland Open, Regional Champs and Area Champs, held a public session at Trusts Stadium for Kiwi Skate Day March 2019. One of our coaches has implemented an extension class programme for keen skaters coming through from LTS.
How well have they been going?	All our sessions and events have been successful with good support from skaters, coaches and volunteers. We had 101 people attend our KSD session.
What have been some successes or things learnt from them?	Have formalised and expanded our adult LTS class which has proved popular with 14 registrations so far this year.
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Has there been growth?	Learn to Skate registrations at 102 so far for 2019, and we have 31 competition skaters in our club. Overall LTS registrations down on same time 2018 (116), but still have an average of 45+ skaters on the floor each week. Competition skaters remain similar, with some losses and some gains, 31 cf 29 last year.
Can you identify the reasons for growth or decline?	Our numbers entering the sport as a fun activity seem to remain fairly strong, but retaining and progressing them through to competitive grades, with the extra time and investment required, can prove challenging. Also, depending on age at entry there is not always a clear path available.
How many Oceania / World Representatives do you have?	Only 2 skaters attending Oceanias 2019, 3 out due to medical reasons and other commitments.
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	Our senior skaters continue to volunteer coach for LTS in addition to taking private lessons. They provide great support in mentoring junior LTS coaches coming through and also contribute with committee work and communications.
Do you have ways of recruiting volunteers that have been successful?	Generally it seems to be the same busy people that are willing to volunteer and give back to the sport, though we do try to 'shoulder tap' new people with varying success.
What challenges does your club face?	Problems remain the same, but mostly manageable: 1. Outages at the stadium which can affect classes and competition prep. 2. High floor costs (and increasing for 2020) even with TTCF funding assistance, and limited access to other suitable venues.
Are there any opportunities your club could take up?	While we could possibly do more direct promotion (schools etc) we really can't support increased numbers with our coaching capacity.
How does your club interact with the Community?	Sporty website, Facebook page, often fielding new enquiries from these and give quick responses. Good visibility at Trusts Stadium and contact with other groups. Work with Sport Waitakere where we can, nominate and participate in West Auckland sports awards.
Who are your Life Members? How have they been involved in your club this year?	Jane Reason
Any further comments you'd like to make?	

AGM Club Delegate Report Template

Topic	Comments
Club Introduction	<p>We are a small club in the Top of the South Region. We offer speed skating, artistic, and learn to skate classes. We also open for public sessions and have a disco once a month.</p>
<p>What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)</p>	<p>Artistic continue to hold weekly lessons at the rink and fortnightly lessons at Stadium 2000.</p> <p>For Speed we've hosted 2 major competitions this year. We had our annual Top of the South Tour which is held over Queen's Birthday Weekend. The competition starts at lunch time on Saturday and concludes on the Sunday. On the Monday we hosted the New Zealand Marathon.</p> <p>Speed skating still holds regular coaching sessions at different venues throughout Blenheim.</p> <p>Learn to skate classes continue every Tuesday night at the rink.</p> <p>Public sessions run every Sunday from 1 – 3pm and we hold a disco on the first Friday of every month</p> <p>For Kiwi Skate Day we held a disco.</p> <p>Every year we participate in the Blenheim Christmas parade and hand out lollipops with a club sticker and contact information.</p>
<p>How well have they been going?</p> <p>What have been some successes or things learnt from them?</p>	<p>Artistic have regular skaters attending their sessions whose skills and confidence have grown in the last year. We have recently designed and purchased new club leotards. Blenheim club had a skater attend NZ Nationals which is the first time the club has been represented in years.</p> <p>Speed numbers are similar to last year although we have some new skaters who have been trying out speed skates for the first time. We hope that some of our skaters will return as the winter sports finish up for the season.</p> <p>The top of the South Tour went well with 46 skaters attending. We had great support from the community who contributed cash and spot prizes.</p> <p>For Kiwi Skate Day we held a disco on the Saturday night. This year we didn't attract as many skaters but this was due to a lot of events (Weetbix Tryathlon, Judo competition and a car rally) held in Nelson over that weekend. A lot of families spent the weekend there. Next year we may consider holding it on the Friday night.</p> <p>Public session and disco numbers are generally low over the winter period but as the weather warms up, people start to return. This year we have more returnee's to public sessions than ever before. We regularly communicate what else we offer at the club but the take up can be hit and miss.</p>

<p>What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.</p> <p>Has there been growth?</p> <p>Can you identify the reasons for growth or decline?</p>	<p>We have approximately 45 members. This is a slight growth from last year.</p> <p>Our numbers have grown because we now offer both artistic and speed. This is giving new club members more choice.</p>
<p>How many Oceania / World Representatives do you have?</p>	<p>We have one international representative – Erin Green who attended Oceania's in Australia earlier this year. Her mum Roxanne Green also volunteers as assistant team manager.</p>
<p>How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)</p>	<p>All of our skaters are under the age of 15. But all of our older skaters are really good at helping out with the younger skaters.</p> <p>While we don't currently have a derby team we still have 2 skaters from the previous team who help out at the club with public sessions and working bees.</p>
<p>Do you have ways of recruiting volunteers that have been successful?</p>	<p>This year we made some adjustments to our membership pricing. We offer people the choice of whether or not they want to volunteer. Families who volunteer have a reduced membership fee compared with families who don't. Families who do volunteer are also entitled to have one free venue hire for a birthday party at the rink per year.</p>
<p>What challenges does your club face?</p>	<p>We tend to lose skaters over the winter months due to the weather and winter sports. As term 4 begins we usually see people return and new skaters come along to our public sessions.</p>
<p>Are there any opportunities your club could take up?</p>	<p>From the beginning of this year our artistic skater Hannah Winterburn has been taking regular trips to Wellington for coaching from Katelyn Kennedy (Upper Hutt). This has been really beneficial for her as she has improved a lot over the short time frame. They will continue this over the next year and aim to bring Katelyn to Blenheim in the near future to work with the rest of our artistic skaters.</p> <p>The Blenheim Club recently applied to have the NZ Artistic Nationals here in Blenheim. Unfortunately due to factors outside of our control we were unable to continue ahead with the proposal. However, we will put forward another proposal in the future.</p> <p>The speed skaters are planning to organise a trip to Timaru for coaching sessions. We have some new keen skaters and this will improve their skills and help to keep them interested in skating.</p>
<p>How does your club interact with the Community?</p>	<p>Besides public sessions and monthly discos we also have regular BBQ's at The Warehouse and participate in the Blenheim Christmas Parade.</p> <p>For the Top of the South Tour we wrote letters asking for sponsorship which our members delivered to various businesses around Blenheim. Once the event program was finalised we wrote sent another letter to each of the sponsors inviting them to watch the racing with an event program and we had skaters deliver them.</p>
<p>Who are your Life Members? How have they been involved in your club this year?</p>	<p>We have one life member but he isn't really involved with the club anymore. He does regularly ask how we are going and is interested in what we are up too.</p>

Any further comments you'd like to make?	<p>We also had two skaters represent Blenheim at competitions overseas.</p> <p>Lily Pontague skated in the Löwen Cup at Arena Geisingen in Germany.</p> <p>Erin Green skated in two competitions in Indonesia. In her first competition she placed 5th in the time trial, 6th in the 10,000m, 3rd in the 500m and 3rd in the 1000m. At the time of sending this she had yet to skate in the second competition.</p>
--	---

Hamilton Roller Skating Club Report 2019

Topic	Comments
Club Introduction	<p>Hamilton Roller Skating Club (HRSC) has been in continuous operation for nearly 40 years. As part of our facilities we own an international sized banked track and a large concrete rink which is secure, partially enclosed and undercover. We also have a club room from where we hire out several hundred pairs of hire skates.</p> <p>Since the last AGM a new Committee has been elected, including a new president (Tanz Podjursky), vice-president (Sarah Barlow) and secretary (Donna Cuniffe).</p>
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	<p>For the first time in ten years we successfully hosted the Artistic Regional Championships at the rink. It was a great turn out with five clubs attending – Rotorua, Tokoroa, Hamilton, Skate School Tauranga and Mt Wellington.</p> <p>Learn to Skate is held on a Monday night and is always very popular with new skaters. We also host a Thursday night session. Artistic classes are held on a Tuesday for figures, free and dance, and coaching sessions are also held throughout the week as time on the rink permits.</p> <p>Sunday family sessions are also very popular.</p> <p>We have also held several successful disco night fundraisers for our competitive skaters attending Nationals. These nights are well attended and generate a lot of interest in skating as a sport.</p> <p>The speed section has continued to host monthly club events from April to September. This provides an opportunity for new skaters and skaters from outside of the local area to participate in fun, low-key events. Skaters from Auckland, Manawatu, Tauranga and Wanganui have attended these events. We continue to host the speed skating Sid Cooper Memorial event each October, this is a 2-day event hosted at the Hamilton Banked Track. Banked Track Nationals will be held in Hamilton in January and it appears at this stage this will occur every 2 years, sharing the hosting with Timaru.</p>
<p>How well have they been going?</p> <p>What have been some successes or things learnt from them?</p>	<p>The interest in the Learn to Skate sessions has remained high this year and has generated an increase in the purchase of second-hand skates from our club rooms. This interest has also filtered through to private coaching sessions and Tuesday classes.</p> <p>Interest from new skaters attending Sunday family sessions often results in them attending the Monday night Learn to Skate.</p>
<p>What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.</p> <p>Has there been growth?</p> <p>Can you identify the reasons for growth or decline?</p>	<p>Currently the club has 37 NZFRS members (25 representing the artistic discipline and 14 representing speed) with 14 of the Artistic skaters competing at Nationals this year.</p> <p>Additional to the NZFRS members we also have another 27 members of the HRSC (20 artistic/7 speed).</p> <p>At present we also have skaters from Tauranga, Tokoroa and Rotorua who train alongside us at the Hamilton rink as Associate members.</p> <p>We currently have three Artistic coaches offering private coaching.</p> <p>20 Artistic number renewals were completed this year and 9 Speed number renewals.</p>

How many Oceania / World Representatives do you have?	We had one artistic representative at Oceania's this year for Artistic, Tanz Podjursky, who placed 3 rd in Figures, and Jake Duggan representing Speed. Jake achieved personal bests in his events and a bronze medal as part of the relay team.
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	Currently we have a high number of Master's skaters who are keen to move on to small group coaching. We also have several senior skaters training in RollART.
Do you have ways of recruiting volunteers that have been successful?	Volunteers are mainly drawn from the parent group of our skaters. Our youth skaters are also keen to help at public skate sessions and fundraisers with activities on the floor.
What challenges does your club face?	Public sessions fund the upkeep of our rink and there will be some major expenses in the near future, with improvements required to the roof and the rink surface needing to be resurfaced. Public sessions effectively subsidise our competitive skaters and allow practice time at no charge. This part of our Club is run by a Trust and the Trust members who run these sessions are all getting older. The challenge in the future will be to maintain enough volunteers to sustain the commercial operation, rain hail and shine, when these Trustees retire. The alternative will be hiring a Manager which will see costs increase for skaters.
Are there any opportunities your club could take up?	There could be opportunities to utilise more rink time, however these are dependent on volunteers, and could impact the amount of time available for our skaters to practice.
How does your club interact with the Community?	Community are invited to join in our public sessions, and these are advertised through common advertising channels like Facebook and Neighbourly sites. Community enjoy access to these events at low cost - \$2 entry with own skates / \$4 entry with hire / Family pass \$12
Who are your Life Members? How have they been involved in your club this year?	Life members for the club include: Kathy Moody, Lyndon Ashton, Pearl Best, Mary Collins and Gwen Duske. Kathy continues to serve on the Trust and is involved with Speed events and public skate sessions. Lyndon also serves on the Trust and takes the lead with the maintenance of our hire skates and is our resident DJ for skating events. Pearl also serves on the Trust and the HRSC Committee and continues to provide a wealth of knowledge to our new members. She also volunteers at events as an official. Mary Collins is also on the Trust as well as serving on the Committee as Treasurer. Gwen Duske introduced Artistic skating in Hamilton at the Frankton Town Hall 42 years ago. Unfortunately, due to ill health, Gwen is unable to be actively involved in the club any longer.
Any further comments you'd like to make?	It has been a successful year for HRSC, where we have been able to support and promote roller skating as a sport. It provides a popular venue for families to enjoy time together at minimal cost.

Club Introduction Hastings Skating Club	<p>2019 saw the Hastings Club host the Quad Skating Reunion over the Easter period. This event was held at the Hastings Skating Rink, Windsor Park. In total there were approximately 100 skaters and ex- skaters involved in a weekend full of skating, memories and socializing and catching up with skating mates. The purpose of this reunion was 3- fold.</p> <ol style="list-style-type: none"> 1. The timing coincided with the combining of both skating associations in NZ, 50 years ago. 2. A celebration of the Hastings Club hosting the World Speed skating Champs 3. An opportunity for our World class speed skaters, and artistic skaters to gather and relive memories from their youth as NZ skaters. <p>A big thank you goes out to the Hastings Council as they spent hours working on the quality of the skating surface of the banked track and repairs to vandalism of boards and poles around the rink. Skaters positively commented on the condition of the skating surface and complex in general. Maybe this will see the resurgence of the Hastings Speed Classic!</p>
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	<p>The Club had skaters competing at Area, National and international level for artistic skaters. We had some of our newer skates compete at Laurie Hastie, League competitions and Areas. The Club runs a Learn to Skate Club night on a Monday and numbers are growing steadily. We have an Advanced Learn to Skate in Napier on a Sunday and we have been actively involved in Learn to Skate at Bay Skate in Napier. Due to a lack of numbers in the winter months this is now on hold until after the October holidays. The Napier Council are also making big changes to the structure and format of how this is going to operate and may no longer involve input from the Hastings Skating Club. The Club was actively involved in Kiwi Skate Day and this year numbers were down. The format for next year is to be looked at.</p>
How well have they been going? What have been some successes or things learnt from them?	<p>Our skaters have all achieved well in all events entered. Nina Coe requires special mention for her outstanding achievements over the past year.</p>
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Has there been growth? Can you identify the reasons for growth or decline?	<p>The Club has approximately 30 skaters attending classes, and / or skating competitively in artistic events. There is continued growth at Club Learn to Skate and especially with older girls.</p> <p>The growth has come about by a lot of word of mouth, especially based on the fun skaters are having, and there being skates available to use. We have also tried to keep costs to a minimum especially as Hastings Stadium costs continue to rise. Skaters from Bay Skate have continued in our Club Learn to Skate sessions.</p>
How many Oceania / World	The Club had 3 skaters competing at Oceania level in the last

Representatives do you have?	year.
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	Our Senior skaters are encouraged to mentor and help and show our newer skaters.
Do you have ways of recruiting volunteers that have been successful?	Involving parents in activities and helping at Committee level. Pressure is not put on anyone and this has been successful in new parents getting involved.
What challenges does your club face?	Indoor skating venues are becoming more expensive and time use is more limited due to sports such as basketball having large numbers. The outdoor rink is used in the summer by our newer skaters. Our more Senior skaters do not want to skate on a concrete rink! Integrating all skaters to be part of the same Club with same access to all facilities.
Are there any opportunities your club could take up?	To further look at developing artistic and speed skating at Bay Skate – to put the sport back out in the public eye.
How does your club interact with the Community?	Bay Skate has been vehicle for this.
Who are your Life Members? How have they been involved in your club this year?	Ngaire Marsh, Graeme Campbell and Eileen Mills are actively involved as Committee members and Officials
Any further comments you'd like to make?	The Clubs 3 main goals are: to build and develop a speed skating section back in the Club; to use the upgraded Hastings Rink for competitions; and to have more skaters competing at NZ Champs in 2020 – especially with the development of Precision skating again.

HAWERA ROLLER SKATING CLUB REPORT TO THE SKATE NZ ANNUAL GENERAL MEETING 2019

We had nine skaters competing at the NZ Artistic Championships this year in New Plymouth, our skaters won three gold and three silver medals at these championships and the club came 6th in overall points out of 16 clubs, our club has a total of twenty skaters which is down on last year, we have four New Plymouth skaters who come down to our club nights for coaching each week.

We skate in “the hub” at Hawera, this is a top class facility with a first class wooden floor and I am sure benefits our skaters when going to other stadiums, we hold our club nights on a Wednesday and Friday evenings from 5.15pm to 9.00pm each week starting with our learner skaters and finishing with our older skaters with skaters private hiring the stadium at other times.

Just like all clubs finances are a constant worry, we in conjunction with the local District Council Happening Holiday Sessions run holiday public sessions during the school holidays, these sessions average 130 skaters each session, unfortunately these skaters are all fun skaters that don't want to join a club to enjoy competitive skating. Our new skater parents are giving our club brilliant support with fund raising.

Our club coach is Patsy Ormand and when needed other helpers from within the club.

AGM Club Delegate Report Template

Club Introduction	Kapiti Speed Skating Club
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	Two of our Senior Skaters have been based in Europe training and competing in European competitions. One of our Skaters attended the World Championships held in Barcelona. With no local training facilities in Kapiti we do not have any competitions, classes etc.
How well have they been going? What have been some successes or things learnt from them?	
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Has there been growth? Can you identify the reasons for growth or decline?	We have three senior speed skaters (two are living overseas and the other is not skating at present). There has been no growth due to our skaters being away and no training facilities for young skaters.
How many Oceania / World Representatives do you have?	Two World Representatives.
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	Skaters are based overseas.
Do you have ways of recruiting volunteers that have been successful?	n/a
What challenges does your club face?	Lack of facilities. There are plans for a new multi-sports track to be built in Kapiti. This has now received Council approval after 6 years work. Aiding with funding for the track.
Are there any opportunities your club could take up?	
How does your club interact with the Community?	
Who are your Life Members? How have they been involved in your club this year?	Elizabeth and Glen Innes.
Any further comments you'd like to make?	

AGM Club Delegate Report - Manawatu Skating Club

Topic	Comments
Club Introduction	See attached MSSC Club Report for full report of year.
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	LTS Speed and Artistic, hosted National Speed Champs, Laurie Hastie, hosted Area Champs, Kiwi Skate Day events, Esplanade Day event, weekly LTS speed and artistic lessons, regular discos. Have Palmy Parents expo coming up in October
How well have they been going? What have been some successes or things learnt from them?	Discos have been going very well lately, especially the fundraising discos for the Oceania team. Radio advertising on the community notices on MoreFM has been excellent publicity. Have now invested in a portable Eftpos machine to hopefully generate more income. Especially at events like Esplanade Day where a lot of people don't have cash.
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Has there been growth? Can you identify the reasons for growth or decline?	34 registered Adult club members 25 Junior club members 40 of which are Artistic and 26 are speed. 1 is both Artistic & Speed and 1 is a recreational member. Currently have approx 30 skaters attending Artistic Learn to Skate class and 12 in Speed Learn to Skate classes. We usually get around 60-100 people at our discos on Friday and Saturday nights.
How many Oceania / World Representatives do you have?	Three world reps. 12 Oceania reps
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	Coaching, mentoring, committee roles, judging
Do you have ways of recruiting volunteers that have been successful?	Shoulder tapping appropriate people.
What challenges does your club face?	Not enough coaches to meet demands in artistic skating. Encouraging kids and parents to move from LTS to competition skating. Finding volunteers for officers positions
Are there any opportunities your club could take up?	
How does your club interact with the Community?	Gets involved in community days such as Esplanade Days, runs weekly discos and holiday sessions for the community, can run birthday parties and private group bookings etc Xmas parade, stall at the Parents expo
Who are your Life Members? How have they been involved in your club this year?	Joan Blackler, Malcolm & Audrey Busch, Brett & Marie Cooksley, Roy & Joy Dobbin. Malcolm attended the AGM and Joan regularly helps out the club with tasks. Has recently retired from role as bookings officer of Arena3
Any further comments you'd like to make?	See next page

Manawatu Skating Club (MSSC) Club Report 2018-2019

What an amazing year MSSC has had with hosting Speed Nationals, three skaters attending the World Roller Games, a large team heading to the Artistic Oceania Championships in October and growth within our club.

We have had success both internationally and at home, the World Championships happened twice in one year for Artistic and we are proud that Phoenix Reid attended both of them. Frances Allen and Serenity Griffith also attended their first Roller Games in Barcelona in July, it was an amazing event and they continue a tradition of MSSC having skaters compete on the world stage.

Closer to home we had six Artistic skaters attend Oceanias in September 2018 with positive results and two speed skaters attend Oceanias in April in Australia, both bringing home medals.

We hosted Speed National Championships in January. It was an amazing event with many records broken and all our skaters gaining medals. Thanks to Rebecca Smith our coach for working hard to help these skaters succeed.

We had great success at the 2019 Artistic National Championship in New Plymouth. We were proud to win the most points trophy for the second year running, this is a testament to the depth of skaters and their coaches. Kylie Shirley won the Trainers/coaches award for most points also. At the end of the championships a very strong team was named to represent New Zealand at the Oceania Championships in Melbourne in October, ten MSSC skaters were named as part of this team.

Two of our longest serving members were recognised at the Opening Ceremony for their commitment to skating, Federation and MSSC Life Members Joan Blackler and Malcolm Busch are retiring from their roles in the Federation and Artistic committees and they were presented with a small gift each. We are proud that we have people like them still heavily involved in our sport and there to have guided many of us as volunteers too

Locally we continue to shine, we have growth occurring at Learn to Skate level and we need to look at how we translate this to competitive skaters. Nine of our Artistic skaters have completed their coaching accreditation certificates and we have volunteers learning about different aspects of the new RollArt System. We held a successful Laurie Hastie event which continues to attract skaters from across the country. Our discos continue to provide a venue for public skating, and a source of revenue for our club.

Former club member Peter Michael was named Manawatu Sportsman of the year, beating current All Blacks to claim this honour. Three MSSC speed skaters and six artistic were nominated as part of the Manawatu Secondary school sports awards

We continue to be a club that works hard to look after all our members, promote values of sportsmanship, success at every level and love of our sport.

AGM Club Delegate Report Template

Club Introduction	Mt Wellington Roller Sports Club. Based in Mt Wellington, Auckland, we are the largest skating club in Auckland and have disciplines in speed, artistic and inline hockey
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	Learn to Skate classes run by the Artistic arm continue to be held every Saturday morning. Learn to Play Hockey runs of a Friday afternoon by the Inline Hockey Club. Speed have attended several events and numbers continue to grow. Artistic had members represent in the World Roller Games (as did hockey) held in Barcelona where one of our skaters placed highly.
How well have they been going? What have been some successes or things learnt from them?	Mercedes Caracosa and her sister Macarena represented NZ in Barcelona. Resident Club Coach Rachael Parkinson-Turner also attended in a coach capacity. It was a huge experience for everyone.
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Has there been growth? Can you identify the reasons for growth or decline?	Speed – approximately 10; Artistic – approximately 45 Hockey – approximately 160 Public skate sessions held Friday, Saturday and Sunday are attended by many as are school holiday programmes and growth continues Growth has come from marketing from the Skate Manager along with running programmes of learn to skate/learn to play
How many Oceania / World Representatives do you have?	Oceania representatives – Artistic – 5 (?) Speed – 1 Inline – World - 15
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	We rely heavily on our senior skaters to remain involved by coaching and refereeing. We have two international judges that assist with speed events. We are fortunate that within our club we have a number of members who give back immensely.
Do you have ways of recruiting volunteers that have been successful?	Primarily talk with parents who bring their kids along. Hockey have reduced fees for those that coach to endeavour to attract more coaches. There has recently been a referee course for hockey that some players enrolled in.
What challenges does your club face?	Retention as teenagers get older and have to perhaps pay for themselves rather than continual support from Mum and Dad
Are there any opportunities your club could take up?	We continue to look for opportunities but there is always a battle with so many other competing sports in Auckland.
How does your club interact with the Community?	Facebook, we are looking to engage more with the Community office in local area and media recognition from local newspapers
Who are your Life Members? How have they been involved in your club this year?	Our Life members remain as per our report last year with no others yet appointed. All have been involved with the Club in various roles for a number of years, especially those that are current Trustees and/or coaches of the Club.

Any further comments you'd like to make?	We are fortunate to have so many passionate and engaging people within our club that makes it so successful. We continue to try and grow our sports and foster inclusion wherever possible.
--	---

AGM Club Delegate Report Nelson

Topic	Comments
Club Introduction	Nelson as a club is over 60 years old. We are lucky to have our own facility that we can use and share with all codes and with the public.
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	Nelson has been an active club this year, Artistic has held medal test camps, Derby have hosted lots of bouts, Speed has run league series, we have hosted Kiwi Skate Day along with our themed Discos
How well have they been going? What have been some successes or things learnt from them?	All events have been very successful either with number turnouts or achievements. We have found Advertising is super important and times of year can determine success
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Has there been growth? Can you identify the reasons for growth or decline?	Total Club Members including all four codes 108. Total Federated Members for speed and Artistic All our codes and learn to skate programmes are seeing growth. Durby, Speed and Artistic all have good attendance rates of approx 20 students each week. Durby have the largest drop off due to time commitments and injury.
How many Oceania / World Representatives do you have?	9 Oceania Speed Skaters
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	Most of our more senior skaters are taking on roles in our code committees, coaching or mentoring . Nelson often loses its senior skaters to out of town Studies (uni) but those who do stay get involved.
Do you have ways of recruiting volunteers that have been successful?	most families who join our club are happy to help volunteer
What challenges does your club face?	To bring public we struggle with our location as we are at the beach and this is a summer location not a winter on, its too hot and we don't have the volunteers to run the rink during summer. our location of Nelson also presents challenges for our competition skaters and keeping skaters due to the expense to travel in and out of nelson .
Are there any opportunities your club could take up?	There is more public relation work (expos markets etc) we could be getting involved in but we don't have the manpower.
How does your club interact with the Community?	we run Fundraising Discos for schools and other community groups, our skaters take part in community events like "city to saxton" (it's a 10km running event that our skaters are allowed to skate in) we also attended some local expos
Who are your Life Members? How have they been involved in your club this year?	We have 5 active Life members in our club at the moment either on club committee, coaching, Judging or as patron
Any further comments you'd like to make?

AGM Club Delegate Report New Plymouth Roller Sports Club

Topic	Comments
Club Introduction	New Plymouth Roller Sports Club is one of the oldest skating clubs in New Zealand, incorporated in 1954. The club owns its own twin rink facility, one of a kind in the country offering inline hockey, rink hockey, roller derby and figure skating.
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	The club started the year with an open day, advertising this in November the previous season to attract as many members of the public as possible. We host training for all codes, offer a very reasonable annual membership fee and encourage skaters at all levels of development to join the code of choice. Learn to Skate has seen a huge increase over the year, although currently we are not seeing many of these skaters become club members. A focus in 2020. Skate NZ hosted their National Champs at the TSB Stadium with a lot of hard work volunteered by our local Figure Branch members.
How well have they been going? What have been some successes or things learnt from them?	Success across all codes with representatives and officials involved at national and inter national level.
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Has there been growth? Can you identify the reasons for growth or decline?	Club numbers overall remain steady, with an increase across codes. Public sessions are seeing a resurgence with numbers impacting on our hire skate numbers. The club aims to replace and increase hire skate stock in 2020. Growth is attributed to solid club administration and governance, stakeholder connections with in Taranaki, Media coverage via Website and Facebook and radio interviews of various members of the club. Interaction with schools with league hockey also being offered – now in its 22 years, derby bouts along with Figure Skating and Rink Hockey camps boost awareness of our club in the community. The facility is a huge asset and with club ownership allows scheduling to suit the club.
How many Oceania / World Representatives do you have?	We have had representative in Inline Hockey, Figures, Rink and Derby – with Derby men also selected for 2020. The club have 25 plus representatives.
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	We have senior skaters across codes involved with coaching, mentoring, refereeing and opportunities are offered to attend workshops as available. The inline branch “imported” a coach from Canada and covered costs to allow all coaches to attend workshops. Figure Skating also cover costs to run workshops for members.
Do you have ways of recruiting volunteers that have been successful?	Difficulty to retain volunteers long term, short term involvement appears to be more realistic as people’s lifestyles change, many work full time with limited time.
What challenges does your club face?	Continual maintenance with no guaranteed income as a charity.
Are there any opportunities your club could take up?	The club offer an affordable venue, have the expertise to host national and inter national events with supportive stakeholders.
How does your club interact with the Community?	Interaction with community is paramount to our success, club members are respected and act with integrity.

Who are your Life Members? How have they been involved in your club this year?	<p>We have several Life Members, the most actively involved are Krys Beardman, David Carrington, Val Bedford, Willy Harvey.</p>
Any further comments you'd like to make?	<p>The club are fortunate to have the TSB Community Trust operating in Taranaki. The club were recipient of a grant to replace all lighting to LED early in 2019, currently upgrading the smaller rink with new barriers, Perspex, resurfaced floor and internal wall cladding.</p> <p>The club are excited at the prospect of being involved with the NPDC Taranaki Festival of Lights over the summer, with an outdoor skating rink being set up as part of the festivities. It is hoped this will provide an opportunity to extend our “place” in the community.</p>

Club Introduction	
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	North Shore Cup 2018, added on another more advanced group class to increase our numbers, Hey Macarena workshops, new enrolment structure and class plan for ActivZone's learn to skate classes.
How well have they been going? What have been some successes or things learnt from them?	North Shore Cup was a huge success with some great feedback about how fun and easy the event was. This is a competition developed for beginners and only up to Novice level. We look forward to hosting this event annually.
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Has there been growth? Can you identify the reasons for growth or decline?	<p>We have 2 club classes with _____ enrolments and 1 general training session during term 1 and 4. Our club is working closely with ActivZone and Auckland Council to find more rink time for our club in order to allow for future growth. One option offered to us for 2020 is to allow our club skaters to skate during the learn to skate sessions.</p> <p>Our club coaches run our learn to skate classes for ActivZone. They are employed by Auckland Council to run these classes. In 2018 we started off with 1 casual class per week and only 3 coaches. In early 2019 our class started to hit above 40 skaters regularly. We saw a need to add on another class as well as offering enrolments per term for each class to keep up with demand. Our coaches Macarena Carrascosa and Sarah Butler have developed a whole new class plan and enrolment structure for ActivZone's learn to skate classes. We are just coming to the end of our first term of working with enrolments and the new class plan and we are very happy with the retention of skaters. We are hitting 70-100 skaters attending these learn to skate classes every week which we are confident will develop into more club growth in 2020.</p> <p>Our coaching team has also grown. We have welcomed 2 new learn to skate coaches into our team. Lilybelle McHardy and Ella Williams. Ella is a brand new skater and new member of the NZFRS and is doing an awesome job of helping out at the learn to skate classes for ActivZone. Auckland Council plans on hiring 2 more coaches for 2020.</p> <p>For 2020, ActivZone has planned to expand into 5 classes per week during the summer terms and 4 classes during the winter terms. We look forward to reporting back next year with how well these go.</p>
How many Oceania / World Representatives do you have?	None
How do you encourage your Senior Skaters to keep involved?	Our current club members are too young to start coaching just yet but I look forward to getting them involved in learn to skate

(Coaching, judging, refereeing, mentoring etc)	<p>classes and maybe even teaching club classes in future.</p> <p>All of our coaches are working to support our new coaches especially Ella who is brand new to the sport.</p>
Do you have ways of recruiting volunteers that have been successful?	
What challenges does your club face?	<p>We face the same problems as many other clubs around NZ, rink time. At ActivZone we compete with not only inline and rink hockey but also derby, table tennis, indoor soccer and public sessions. For this reason we are very grateful that ActivZone will be adding on more learn to skate classes which will help grow club members.</p>
Are there any opportunities your club could take up?	
How does your club interact with the Community?	<p>Our club coaches teach at the open learn to skate classes and also work at public sessions on the weekend.</p> <p>Our coaches Mercedes and Ella will be organising regular Friday Night roller discos in the summer terms to encourage students and adults to take up skating recreationally.</p> <p>Hey Macarena runs regular workshops for the wider NZ community and has received funding from the local board to run 2 events so far. One was focused around bringing in people from the Community and introducing new people to the sport.</p> <p>With 3 successful workshops working with Sarah Butler and 1 workshop with HPCC's Rachael Parkinson-Turner and Jacqui Innes, we are looking forward to the upcoming Labour Weekend Workshop. This workshop will be run with the help of Auckland Senior skaters Anna Harris (Mtw) and Madison Collis (Akw) as well as our very own Sarah Butler, Mercedes Carrascosa and Macarena Carrascosa. Hey Macarena received funding from Creative Communities NZ to help with costs. We look forward to reporting back next year about how successful this event was.</p>
Who are your Life Members? How have they been involved in your club this year?	N/A

Club Introduction	Rollerland Roller Sports SI Inc
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	Public Sessions Competitive skater training Kiwi Skate Day
How well have they been going? What have been some successes or things learnt from them?	Not good for public sessions even after moving to a large hall. No new skaters from Kiwi Skate Day
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Has there been growth? Can you identify the reasons for growth or decline?	4 Registered skaters Less than 8 recreational skaters NO Moved from small hall to large one made no difference
How many Oceania / World Representatives do you have?	None
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	We have one doing some coaching
Do you have ways of recruiting volunteers that have been successful?	No. Parents of skaters only
What challenges does your club face?	A hall big enough at an affordable cost
Are there any opportunities your club could take up?	Looking for a new hall
How does your club interact with the Community?	Very little as no hall
Who are your Life Members? How have they been involved in your club this year?	No life members
Any further comments you'd like to make?	We are almost in recession as we are unable to find a suitable hall we can afford. \$150.00 per hour is not sustainable

Club Introduction	Rotorua Roller skating club will celebrate its 6th year in existence this September. We are family and team orientated, with an emphasis on development of the whole person not just skating development.
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	Learn to skate classes, Adult beginner classes. Senior and advanced skate classes, intermediate and senior jumps and spin classes. Senior footwork classes. Roll art information meetings. Annual show. Fun skates, kiwi skate day, regionals, areas, nationals. Development squads. Coaching programme for upcoming coaches in our club. Mentoring programme.
How well have they been going? What have been some successes or things learnt from them?	Great we have nine new competition skaters who started at the end of last year. A development group running at present for skaters interested in competing in 2020. Four trainee coaches. Annual Show on August 17th. Four senior skaters doing mentoring and coaches training, with three other due to start in December 2019.
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Has there been growth? Can you identify the reasons for growth or decline?	29 competition skaters, approx 60 learn to skate pupils. Yes Emphasis on team and our show keeps kids skating.
How many Oceania / World Representatives do you have?	8 attending Oceania this year
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	Helping out in badge class. Running classes specific to them and their needs. Running a trainee coaches program. Encourage all skaters to be involved in helping out at practises and fun events.
Do you have ways of recruiting volunteers that have been successful?	Emphasis on team and families helps keep volunteers and families involved
What challenges does your club face?	Lack of rink time and large enough facility.

Are there any opportunities your club could take up?	We feel we are at capacity at present and really don't want to take on anymore events etc.
How does your club interact with the Community?	Using Sport BOP, running shows and working with other groups.
Who are your Life Members? How have they been involved in your club this year?	-
Any further comments you'd like to make?	-

Club Introduction	We like to create a culture for success in a positive environment
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	Club Champs, Tour of Timaru, Holiday Public Sessions (2 extra sessions per week during school Holidays), Marathon Series, Tri Skate, Learn to Skate sessions, Kiwi Skate day, Have a Go Day (in association with Sport South Canterbury), Primary School New Sport introduction (2 sessions per yr 7 & 8 Class in school grounds), Birthday parties, Club nights, Discos. Southern regional champs. Christmas parade
How well have they been going? What have been some successes or things learnt from them?	They have been very successful as these are the events we run yearly and promote skating throughout our region. We have a close tie with Sport Canterbury (South Canterbury).
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Has there been growth? Can you identify the reasons for growth or decline?	Total number of Competitive skaters – 38 registered to race (down on 2018, 57) Up to another 10 in the next few months Growth in the beginners – big push on getting them from Learn to skate in to Speed training rather than moving them through the skate star programme at learn to skate Club membership – 86. Much the same as 2018 – Families who have dropped out of skating are still supporting the club
How many Oceania / World Representatives do you have?	Oceania: 11 Worlds: 3
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	A lot of our past skaters have become officials. Most of our Senior skaters go to university but when they come home for holidays they come and help with the coaching.
Do you have ways of recruiting volunteers that have been successful?	Face to face asking for specific help
What challenges does your club face?	Losing intermediate up ages due to not being a university town
Are there any opportunities your club could take up?	Supporting other events such as Soap Box Derby to get our sport out in front of families.
How does your club interact with the Community?	We support Sport Canterbury in there seminars and functions. We have been in the Timaru Christmas parade for the last 11 years. Also go to the Geraldine and Waimate Christmas parades. This year we are possibly going to have races when the Soap Box Derby is on. This will be in front of lots of families.
Who are your Life Members? How have	Bill Begg, Cheryl Begg, Judith Begg, Linda Frazer, Bruce Begg, Val

they been involved in your club this year?	Miller – Bruce still skates masters, Judith and Linda are on the committee with Bill and Cheryl. Bill and Cheryl are the club Coaches, provide transport to kids to and from training, assist at fundraisers, Supply equipment and expertise as well as put in more hours than the other volunteers combined. Val Miller turns up at competitions.
Any further comments you'd like to make?	As a successful club we are not sitting on our laurels. We are adapting and changing with the times and trying new initiatives.

AGM Club Delegate Report Template

Club Introduction	Our Skatescool Tauranga Club was newly formed in February 2019 after growing alongside the Skatescool mobile business over the last 4 years and has grown immeasurably with the establishment of the permanent rink set up in September 2018.
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	<p>We took a team of 10 skaters to Nationals just recently winning 10 Silver medals and a Bronze as well as taking out the Cup for Best Dressed.</p> <p>We took a team of 26 skaters to Auckland beginner competition, as well as competing and qualifying at Regionals and Areas.</p> <p>We took a group to Upper Hutt for the National Development Squad training and take every opportunity to learn and grow that we can, such as workshops with other coaches.</p> <p>We held an event for National skate day in collaboration with the local Roller Derby teams which went really well.</p>
How well have they been going?	We have been doing extremely well - the 26 skaters we took to beginner competitions came home with over 45 podium placings and we represented almost ⅓ of the skaters entered.
What have been some successes or things learnt from them?	We have a strong supportive group of parents as well and an exceptional team spirit and sense of belonging and ownership in our rink and club by all the members.
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.	We have around 150 students enrolled in classes each week, with around 30 of them interested in competing in Artistic competitions.
Has there been growth?	We have seen huge growth in this area from about 50 students this time last year.
Can you identify the reasons for growth or decline?	<p>The reason for this growth has been due to the lease Skatescool Tauranga business has and the creation of the permanent rink.</p> <p>We have fostered a very strong team spirit and positive all inclusive atmosphere so that the people who come for a public session see the competitive girls skating and want to join classes and be involved.</p> <p>Fun and Friendship is the foundation on which our club operates, and winning is a bonus.</p> <p>The formation and success of the club has only been possible with the assistance and financial backing of the Skatescool Business. However they work really well together as through the 6 public discos each week we are able to filter people into classes and then identify those who wish to compete.</p>
How many Oceania / World Representatives do you have?	None.
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	Support and encouragement - sharing a passion for skating by example and they just want to be involved. We only have a small number of adults at this stage and they are just beginners.
Do you have ways of recruiting volunteers that have been successful?	No
What challenges does your club face?	We are struggling to find any suitable artistic coaches to meet the

	huge demand.
Are there any opportunities your club could take up?	We should apply for funding to assist with costs but don't really have the committee members to undertake this task.
How does your club interact with the Community?	We are often in the paper for our skating achievements and with Skateschools bright purple van, classes, holiday programmes, birthday parties and discos we have a great skating presence around town.
Who are your Life Members? How have they been involved in your club this year?	None.
Any further comments you'd like to make?	

2019 AGM Club Delegate Report

Topic	Comments
Club Introduction	Tauranga Roller Skating Club was formed in June 2017. We are a small but vibrant club whose focus is on developing our skaters and ensuring we promote Artistic skating in our area.
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	Attending Regionals, Areas, Nationals, Laurie Hastie, HPCC Hamilton, RollArt Squad Workshop, Kiwi Skate Day
How well have they been going?	We are doing very well at a regional and national level – our small numbers of skaters really hold their own when out their on a regional and national level.
What have been some successes or things learnt from them?	We have some skaters with a real talent and desire to do well. We've sought external help with Sport BOP on how to prepare all of our skaters for competition of any levels, get them mentally and emotionally prepared for any event.
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.	16 members skating and competing along with a number of social skaters that enjoy our monthly discos.
Has there been growth?	Yes, we've welcome four new members who wish to learn and develop their skating skills.
Can you identify the reasons for growth or decline?	We continue to seek opportunities to showcase skating through roller discos, NZ skate day so have picked up some new skaters. The costs involved due to not being able to offer a stable home for the Club is an issue for some skaters as we have to pay for hall time alongside coaching fees.
How many Oceania / World Representatives do you have?	None
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	We have a couple of adult skaters, that the club fails to provide equally for them. They are very willing to help out when needed.
Do you have ways of recruiting volunteers that have been successful?	Club members are usually willing to offer a hand when needed.
What challenges does your club face?	Restricted Hall time for skating and costly hall hire. We are also limited on coaching variety. Our club needs a dance coach for those wanting to continue with Dance past level 1.

Are there any opportunities your club could take up?	Public skate sessions and speed skating. We are continuing to develop what we offer each month at our public disco events.
How does your club interact with the Community?	Facebook, Newspaper and at fundraising BBQs. Our Public Discos bring new people in to try and use our second hand skates we've purchased and give skating a go.
Who are your Life Members? How have they been involved in your club this year?	Not Applicable
Any further comments you'd like to make?	We continue to seek guidance and understanding of the new RollArt method and are keen to ensure this brings a much clearer level of scoring at events.

AGM Club Delegate Report Template

Topic	Comments
Club Introduction	This year has been one of revival with the return of Dianne Gunson to the club and the international competitive arena, and Nicole Willson. We also welcomed other competitive members to the club as well. Our club now has a balanced cohort of skaters/parents/supporters and officials. Whilst our club members are further spread than Tokoroa, utilising school gymnasiums, community halls and smaller stadiums for training; we still remain a close-knit supportive club.
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	We don't have any facilities available in Tokoroa to hold events at. However Ann Deihl still represents us well on the organising committee of many events. We have members that volunteer their time at Learn to Skate evenings in Hamilton and support skaters from other clubs within the Waikato/BOP region on a regular basis.
How well have they been going?	N/A
What have been some successes or things learnt from them?	
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.	2x Skaters 1x Skater/Coach/Official 1x Skater/Official 2x Official
Has there been growth?	1x Board member/Official
Can you identify the reasons for growth or decline?	Growth is due to us being open to help all and grow the sport not exclude people.
How many Oceania / World Representatives do you have?	1x Oceania
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	Being inclusive and Supportive
Do you have ways of recruiting volunteers that have been successful?	N/A
What challenges does your club face?	No local rink
Are there any opportunities your club could take up?	N/A
How does your club interact with the Community?	N/A
Who are your Life Members? How have they been involved in your club this year?	Peter Willy – still judging and coaching and coaching our judges

Any further comments you'd like to make?

Topic	Comments
Club Introduction	<p>Upper Hutt Roller Skating Club was formed in 1982 and over the years has grown. Our skaters range in age from 5 to 70. As well as catering to a wide range of age groups, the club has had great success competing at National and International level.</p> <p>The club operates its own rink, providing learn to skate classes, and facilities for private coaching. We also hire out the rink for private bookings that range from birthday parties to holiday programmes and community based groups that support local youth. Our facilities are also used by an inline hockey club, roller derby team and roller hockey team.</p>
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	<p>Club Champs</p> <p>Open Day Competition running a full schedule under the new RollArt system</p> <p>Medal Tests</p> <p>Weekly Learn to skate (Patch) classes which took on a new look with three patches and a patch squad which serves as an introduction to all the competitive disciplines</p> <p>Public discos on Saturdays and weekdays during term breaks</p> <p>Night time fundraising discos</p> <p>Involved in Wheels Day run by the local council</p> <p>Kiwi Skate Day</p> <p>Beginners precision team was started</p> <p>Senior Quartet was brought together</p> <p>Development Squads</p>
How well have they been going?	Public discos during the weekend and school holidays are proving to be successful for the club, with good numbers coming through the doors as well as inquiries that this generates.
What have been some successes or things learnt from them?	With the changes to our Patch class structure we are seeing an increase in patch testing passes which is fantastic to see. During the process of making changes we have had to revisit patch squad to put some guidelines in place regarding how long skaters are eligible to be part of this group.
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.	<p>Total members 184</p> <p>Social members 35</p> <p>Patch members 70</p> <p>Members on full/part card 65</p>
Has there been growth?	Associate members 5
Can you identify the reasons for growth or decline?	
How many Oceania / World Representatives do you have?	<p>UHRSC has 8 skaters competing at the next Oceania competition:</p> <p>Emma Patrick</p> <p>Janine Price</p> <p>Jessie Pitiroi</p> <p>Kasey Murdoch</p> <p>Katelyn Kennedy</p> <p>Katie Hawley</p> <p>Mitsuko Nam</p>

	Victoria Edwards
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	Generally our senior skaters continue to be involved through our Learn to Skate classes (Patch), there are also a number of them who are qualified to judge so help out with patch testing as well as competitions.
Do you have ways of recruiting volunteers that have been successful?	When skaters sign up for Patch Class they also become a member of the club. They are then put on the volunteer roster to help at the discos. We are seeing a good level of support from our club members when it comes to running school holiday discos which is fantastic.
What challenges does your club face?	
Are there any opportunities your club could take up?	<p>We have put a lot of effort over the last year to identify and participate in opportunities to increase our visibility within our community as well as working across different groups within the skating world. A lot of work happened with Derby and Inline Hockey in order to make this a successful event for our members and wider community.</p> <p>Wheels Day was a new opportunity for us to participate in a community event and we hope to do this again.</p> <p>As opportunities arise, the club is motivated to be involved.</p>
How does your club interact with the Community?	We provide prizes for many community groups in the way of free entry and skate hire to our discos. We also hire the rink to many schools, after school and holiday programmes for recreation.
Who are your Life Members? How have they been involved in your club this year?	<p>Paula Boulcott Gordon Chamley Bruce Crosby Margaret Day Raewyn Hailes Christine Hazelwood David Linney Heather Parker Fiona Patrick Ian Wilton</p> <p>Paula judges for medal tests and competitions when time permits. Bruce's work continues with competitions held at the rink, as well as checking the club newsletter, and promoting us to schools etc and public discos during the weekend and school holidays. Raewyn continues to work within the club through private coaching as well as being part of our current committee. Chris also supports the club during competitions through marshalling and representing us at meetings. Fiona is regularly at the rink, supporting the club at discos and maintaining presentation and hygiene.</p>

Club Introduction	Valley Inline Speed Skating Club
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	Tuesday learn to skate class Indoor and outdoor training for our older skaters Kiwi Skate day
How well have they been going? What have been some successes or things learnt from them?	Very well, we only started our learn to skate class beginning of Term 4 2018. Successes is we now have 12 on our role in the learn to skate.
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Has there been growth? Can you identify the reasons for growth or decline?	Club registered – 6 Learn to skate only – 12 Yes we have had growth Growth due to learn to skate
How many Oceania / World Representatives do you have?	1 – Hadley Beech: Oceania and World
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	They come along to Learn to skate to help, run and show
Do you have ways of recruiting volunteers that have been successful?	No, we just ask people if we need something done
What challenges does your club face?	Lack of Training facilities – this is a big one for our club Manly outdoors
Are there any opportunities your club could take up?	Putting notice in the Roller rink advertising Speed, The UHRSC have also lent us some old roller blades for our learn to skate as we had non.
How does your club interact with the Community?	Nothing yet, we are looking into what things we could do
Who are your Life Members? How have they been involved in your club this year?	non
Any further comments you'd like to make?	

Wanganui Roller Sports Incorporated : AGM Club Delegate Report Template

Topic	Comments
Club Introduction	We are the Wanganui Roller Sports Incorporated. We have 3 strong sections with most experiencing good growth. And we are looking for this to continue with both our Hockey and Artistic section hosting their next Nationals events in 2019/2020.
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	<p>We have been busy purchasing new inline and quad skates for our rink to provide the public with better equipment to enjoy their skating experience at our rink.</p> <p>Our Speed section continues to host Omnibus and River City Tour competitions, as well as attending GP Series and Laurie Hastie and National events in Palmerston North. We have also run a couple of Tri-Skating competitions to mix it up a bit at Manfield. We have also had representatives in Brisbane for Oceania's, USA for Nationals and a local event in China.</p> <p>Roller Hockey hosted Easter Tournament of 12 teams, entering 4 teams which went well. They sent 2 teams to Motueka for Nationals and had mixed results with a 3rd and a 4th. They have been focused on the development of their U13 kids teams and booting numbers.</p> <p>Artistic have taken part in lower North Island League, Open, Areas and national competitions as well as Roll Art workshops at Upper Hutt which were successful.</p> <p>Recreational skating has increased during a public sessions, with Private bookings also on the increase.</p> <p>Kids on Skates was not really a success, mainly due to not being organised enough and an error in judgement over venue. Better things proposed for next year.</p> <p>Entering skating in our local xmas parade.</p>
How well have they been going? What have been some successes or things learnt from them?	Speed: 23 Wanganui Skaters made the trip to nationals in January and competed over the 5 days of competition, the biggest club by numbers. Wanganui had good success with some standout performances. More skaters getting overseas experience. This is a great learning curve to see where you need to be.

	<p>Roller Hockey U13s going nicely with about 20 kids turning up weekly giving them 3 teams for this years Nationals. Seniors doing well have 2 reps in NZ Mens team at Worlds. Two National coaches in the club.</p> <p>Artistic haven't had the growth they have had in recent years, but have increased the skills, technique and competitive level of skating of the girls they have, having 8 girls qualify for Nationals and 2 golds achieved the result. We are very proud of our achievements.</p>
<p>What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.</p> <p>Has there been growth?</p> <p>Can you identify the reasons for growth or decline?</p>	<p>As at the time of writing this report, we are pleased to advise that WRSI has 191 financial club members. Of these 44 are Federated with Skate NZ. Roller hockey also has some affiliated to NZRH</p> <p>Our recreational or Public sessions are well supported, with afternoon sessions having up to 80 skaters attending, and Friday night session anywhere up to 80 skaters.</p> <p>We have experienced growth, we are unsure why exactly, but do believe the recent purchase of 50 pairs of Quads and 100 pairs of inlines could have something to do with it. We are actively promoting our public sessions on Facebook which helps and are still running Learn to Skate classes for all sections.</p>
<p>How many Oceania / World Representatives do you have?</p>	<p>Hockey has two men who went to Barcelona.</p> <p>Speed have 4 Oceania representatives and 1 worlds Representatives.</p> <p>Artistic are working on beating this number 😊</p>
<p>How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)</p>	<p>We don't have to encourage them to stay. Our club is too good for them to leave.</p> <p>It is inevitable that they some will leave, like Hannah Smith the Artistic coach...but you never know, she may come back!</p>
<p>Do you have ways of recruiting volunteers that have been successful?</p>	<p>Yes, treat them well. Welcome new ideas. Change the way things are done, just to see if it could be better. Staying with status quo is not moving forward.</p>
<p>What challenges does your club face?</p>	<p>Funding. But every club does.</p> <p>Trying to accommodate all levels & types of skating.</p> <p>Keeping volunteers is always difficult aswell.</p>

Are there any opportunities your club could take up?	Endless opportunities, but unfortunately, we only have so many volunteers. We would like to run local competitions for lower level skaters. Fun days, Social skating, development squads targeted at various levels. Cross training, Speed coaching Artistic, enabling power. Artistic coaching Hockey, balance & agility etc.
How does your club interact with the Community?	We have our local Rink that engages us with the community all the time.
Who are your Life Members? How have they been involved in your club this year?	Graham & Robyn Robinson, Gary Clark, Peter Hawksworth. These people continue to be heavily involved with our club. Two are Trustees and a third is Coaching.

New Zealand Federation of Roller Sports Inc
Southern Region Committee
Chairperson Annual Report 2019

Welcome to the Annual General Meeting

The regional committee continues to meet throughout the year at the club rooms of Christchurch Club. Thank you to the club for making the room available and thank you to the club delegates for participating in the meetings.

Once again, we held the Southern Region Open Day Speed event at Timaru. It is still the most logical place to hold the event. Skaters from the Top of South Region continue to support it. It is a busy day and plenty of racing to get skaters in the mode for the Nationals. We are once again very thankful for the grant from Pub Charity to help with the costs. Also thankful for the officials who officiate.

The Art discipline is still required to have Areas and this year it was our regions turn to host the event. These were held on 18 May 2019 at Pioneer Stadium and there were 11 competitors from the Rollerland, Blenheim and Nelson clubs. This year also saw the first year of the new form of marking and this proved to be a tough standard for our skaters.

We had a number of this region's skaters in the New Zealand Speed Oceania team that competed in Nundah, Australia in April. There were also skaters in the 2018 Junior and Senior Speed World team.

The clubs continue to support the sport nationally by attending Nationals. For speed there is at least one of the Nationals in this region a year so this does help with the travel costs. They also support inter-regional events held either in Nelson or Blenheim. Rollerland skaters attended the 2019 Nationals and one of their younger skaters did well.

The Rollerland club is our only club that has artistic skaters and it is currently at a cross road due to lack of affordable venues and skating numbers. This is always a continual battle for those without their own facilities.

In the Christchurch area, Rolleston area is still a growth area and with the addition of a new Stadium it is a good place to look to build the numbers.

The South Canterbury club is still the largest club in the region. The Learners sessions continues to be strong, being the feeding base for the club and its competitor skaters. It has a good parental and community support base. It continues to run events in the winter and the Tour of Timaru each year. The rink was once again used for National events.

In Dunedin it is pleasing to see the Southern club has the use of an indoor venue and gaining in members.

As can be seen the clubs are at varying stages and there is further in their attached reports. With skating being a minor sport it is always going to be a challenge to interest people and find the support people particularly in the bigger cities. The region will be supportive in the next steps the clubs plan to take.

Thanks to our Secretary and Treasurer for the work they do for us.

Judith H Begg
Chairperson

Christchurch Club

Unfortunately while we gave a number of enquires it remains difficult to attract and establish numbers. Oceania's saw Mark MacDonald compete. Winter has seen an emphasis on injury recovery. Sockburn school has closed due to the decrease in children in the area. This has always been where our members come from .

Rolleston has started their new \$23 million stadium and where we will need to based for the future.

Rollerland

The year for the club has been a year of change with us changing venues for our learn to skate classes. We ended our rent of the small hall in Marshlands Road and changed to the Celebration Centre which is the size of two basketball courts. This was done in the hope of providing a full-size hall to encourage new skaters in a better facility.

We also participated in Skate day with Roller Derby and Speed. With around 50 people attending we hoped to find some new members. But both ventures failed to produce any new skaters. With the cost of the new venue eating into our funds we have at present given up on Celebration Centre so have now where to offer a public type session. We are looking for new & affordable venues.

We still run a competitive skating group of four skaters in Rolleston coached by Kerrie Osten. We have three of these skates competing at Nationals with very good results.

We assisted the Southern Regional Committee in running the Artistic Areas for 2019 with a small group of skaters from Nelson, Blenheim and Rollerland attending a successful day. With all learning to compete under the new Rollart scoring system.

We are now unsure of the club's future but do not want to give up.

South Canterbury

Our recent public sessions have been good and large influx of new members both masters and young skaters, plus a good number of much needed young males.

The club won the Unity Trophy for a record eight consecutive year and continues to be the strongest speed club in the country in both numbers and performance.

In October 2018 six skaters, coach and five parents went and competed in Jakarta. Other older skaters competed in China.

The club continues to have strong administration with Christine Clarke President, Helen Beveridge Secretary, Christine Swindells treasurer and Cheryl Begg looking after sessions and new members, all put in a lot of time and effort and do a very good job.

Please also see the attached report for Federation AGM

Southern (Otago)

Weekly indoor skating at the Caledonian Centre has seen skating numbers increase. A cross section of ages and skates used sees increasing g numbers having fun and returning each week.

WEST CENTRAL REGION CHAIRPERSON'S REPORT TO THE WEST CENTRAL REGION AGM 2019

SKATER NUMBERS

Our skater numbers have remained static with no large increase or decrease, great to see art skater numbers increasing in Wanganui and New Plymouth, A large number of our Regional skaters both art and speed were selected to compete in the 2018 Skate NZ Oceania Team, the Oceania Speed was held in New Zealand during 2018 and the Art was held in Rotorua during September 2018, a similar number have been selected for the 2019 Oceania Team with Phoenix Reid and Frances Allen being selected for the 2019 Art World Champs which were held during July 2019.

LEAGUE COMPETITIONS

Two league competitions are being held, these were held during November 2018 and another to be held during November 2019 at Palmerston North, the November League was held at Arena 3 in Palmerston North in conjunction with the East Central Region, this was combined with lower number medal tests. Medal tests were held during February 2019 also.

REGIONAL CHAMPS

The 2019 Regional Champs were cancelled due to entries vs days available and lack of rollart officials.

AREA CHAMPS

This year we held our Art Area Champs during May in Arena 3 at Palmerston North; this competition is a top quality competition and is a mini NZ Champs and a credit to our Area officials who work so hard making these champs the success they are. Funding was applied for, for these champs but was unsuccessful. The rollart judging system was used at these champs for the first time and now skaters will get a different mark system to what they have been used to.

NZ ART CHAMPS

These were held at TSB Stadium in New Plymouth and a large number of our skaters competed at these NZ Champs, the 2020 NZ Art Champs are to be held in Wanganui between 13th-18th of July 2020.

REGIONAL SPEED REPORTS

Only 3 Clubs have reported on Speed in their Clubs, they being MSSC and Kapiti, Wanganui. And the New Plymouth does not have any speed skaters.

MSSC reported that Pater Micheal was named Manawatu Sportsman of the year, and 3 other speed members were nominated as part of Manawatu Secondary sports awards.

Wanganui reported 23 skaters attending their NZ Championships, with 4 skaters attending Oceanias in Brisbane over Easter. They also had 3 skaters competing overseas, 1 in China, 1 in American and 1 at World Games in Barcelona.

John Micheal of Kapiti report that they had recently had the go-ahead to build a racing track.

Our Region is in a sound financial position as shown on our income and expenditure balance sheet for the year ending 30 June 2019.

Once again a big thank you to Val Bedford our secretary and Joan Blackler our Treasurer for all their work during the last year: also to all our officials for their hard work and dedication to our sport.

All the best for the 2019/2000 skating year.

Gerald Allan.

Regional Chairperson.

New Zealand Inline Hockey Association

September 2019

www.inlinehockeynz.org.nz

IHNZ Report September 2019

2019 International Tournament Results:

AAU Junior Olympics (4 teams - 54 players)	Club/International Competitions
Masters	Gold, Silver
14U	Silver, Silver
14U Kiwis Development Team	7th, Silver Tier 2
12U	4th, Bronze Tier 2

World Roller Games: (3 teams - 42 players)	
Junior Women	7th
Junior Men	15th
Senior Women	11th

Feedback received was that the opportunity to play with different people from through out New Zealand and the opportunity to play at such a high level against other countries was extremely beneficial to their skill level.

A team made of mainly siblings entered a non IHNZ sanctioned team into the AAU Junior Competition and won gold boding well for the future of Inline Hockey.

New Board:

IHNZ farewelled the majority of its Board including both Ivan Wood and Mark Sutton from the Chair and Treasurer positions.

We welcomed a new Board in August with the new members consisting of an experienced mix of players, coaches, administrators and 2 highly qualified independents. A two day strategy and planning meeting is scheduled for early November to develop the framework for 2020 onwards.

The new Chairman Cameron McIver hails from the Napier Sharks with the vice chair Alethea Stove from Nelson and Michelle Wood (treasurer) from the Mt Wellington Panthers.

Nationals:

The Nationals are the pinnacle event of the season and is being held from October 4 to 13th in Levin with a

huge amount of interest reflected in the 64 teams scheduled to play across 10 grades.

InterRegionals:

The Hamilton rink will host InterRegionals over Labour Weekend with entries submitted across the regions in 9 grades.

Projects/Challenges Going Forward into 2020 include:

- Look at adopting the World Skate Rule book and the subsequent impact on club with the changing of goals and the purchase of these
- A comprehensive league to support the needs of Senior players and retention strategies within the sport
- Develop growth strategies with in the smaller clubs and regions whilst maintaining the larger clubs in the major centres
- Standardising our disciplinary process across the clubs with clear procedures and consequences for both players and spectators
- Developing 6 board led committees to focus on the development of the sport through:
 - National and International competitions,
 - Coaching,
 - Growth,
 - Officiating
 - Finance/Grants
