

AGM Club Delegate Report Template - AWRSC

Topic	Comments
Club Introduction	AWRSC are now in their 10 th year skating out of the Trusts Arena. We have added Jam Skating & Inline Freestyle this year as part of our future planning. This is the first year under new leadership as president Deb Collis stepped down at the last AGM.
How did your club respond to the Covid lockdowns?	<p>We ran a photo promotion of lockdown skating shots & introduced our committee with profiles on Facebook to keep some content over the period. We were providing Facebook & email updates on when we were able to re-offer skating and were able to re-start classes once we were at level 2 with gatherings of 100.</p> <p>We applied for the SportNZ funding and The Trusts West Support fund which will help us keep costs low for our skaters.</p> <p>Leanne participated in the Sport Waitakere Club Leaders Chats held fortnightly via Zoom.</p>
What has been the response coming out of Covid?	<p>We were receiving enquiries about skating while we were in lockdown and combined with the increased club promotion on social media we saw new people every week from when we restarted in June.</p> <p>Our classes skaters were super keen to come back, but Covid has contributed to some of our club skaters not returning.</p>
<p>What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.</p> <p>Have you seen any growth?</p>	<p>We have 166 registered classes skaters, including 44 adults. We have an additional 16 skaters in our Jam classes and 10 in the inline freestyle.</p> <p>Our 48 club members, include skaters, coaches & associates.</p> <p>We had seen growth in both our kids and adults' classes between the first & second lockdown, but are yet to be able to offer our Learn to Skate classes as we can't operate at Covid Level 2.5. While we have not yet been able to start back we are still receiving enquiries about all our classes.</p> <p>We have seen a drop in club skaters, but are hoping a new precision team will top up the numbers that have dropped out.</p>
Any further comments you'd like to make?

Topic	Comments
Club Introduction	<p>We are a small club in the Top of the South Region. We offer speed skating, artistic, and learn to skate classes. We also open for public sessions and have a disco once a month.</p> <p>We have recently been approached by someone wanting to start roller hockey back up in Blenheim. At this stage they are hoping to start with a senior team and take it from there. To date they have only run a few sessions.</p>
How did your club respond to the Covid lockdowns?	<p>As we initially went into level 2 we decided to carry on running public sessions as we weren't going to exceed government guidelines surrounding mass gatherings. However, club members were given the option to opt out of running sessions as many of them live or work with people in high risk categories.</p> <p>During level 4 lockdown we had very little communication with club members.</p> <p>As we moved to level 3, trainings resumed for competitive skaters only. We also split our training sessions so that different groups trained over different nights. Groups were limited to 10 and parents were encouraged to drop kids off and return to collect kids at the end of training.</p> <p>As we returned to level 2, public sessions and learn to skate resumed.</p> <p>We have the QR code available for the NZ Covid Tracer app, manual sign in for those who don't have the app and hand sanitizer available.</p> <p>We have had a good turnout at all sessions/learn to skate classes since we came out of lockdown.</p>
What has been the response coming out of Covid?	<p>Very good. Almost all club members have returned post lockdown. Public session numbers have increased significantly. Learn to skate numbers are also up.</p>
<p>What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.</p> <p>Have you seen any growth?</p>	<p>Speed = 11 skaters on speed skates at regular training Artistic = 10 skaters at regular training</p> <p>Public sessions and discos getting 30 + skaters regularly. This is an increase as pre lockdown we were getting up to 10 skaters per session.</p>
Any further comments you'd like to make?	<p>Skating in Blenheim is trending positively at the moment, especially at public sessions and disco's.</p>

Club Introduction	CARSC We have had advice that our lease will not be renewed due to redevelopment of the adjoining land. This was a school that has been replaced in a residential area with the school land going to Ngai Tahu for development.
What have been your activities this year? (competitions, sessions, classes, Kiwi Skate Day etc)	Very few activities this year due to many factors: Covid -19 has and still is the main barrier to normal operation
How well have they been going? What have been some successes or things learnt from them?	We are looking to reset our base within the residential area of Rolleston as we have exhausted our stay in Sockburn
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Has there been growth? Can you identify the reasons for growth or decline?	No classes at the moment and have been struggling to retain Attendance due to Covid-19 No growth – difficult to maintain numbers Changes from residential to industrial Area has become too commercial and the housing has shifted the population to newer areas,
How many Oceania / World Representatives do you have?	One
How do you encourage your Senior Skaters to keep involved? (Coaching, judging, refereeing, mentoring etc)	None at present although we do have 2 Speed Skaters who now officiate. Not always easy for young past speed skaters to transition to officials as they struggle for inclusion often due to age.
Do you have ways of recruiting volunteers that have been successful?	Not at the present
What challenges does your club face?	Covid-19 Shifting of the adjacent school due to low numbers of children. Outdoor
Are there any opportunities your club could take up?	Plans are in motion to shift to Rolleston that has a high population of children, big growth and incomes that can afford to participate in sport. Two large indoor stadiums and council support
Who are your Life Members? How have they been involved in your club this year?	Current Life Member is: Allan Colville
Any further comments you'd like to make?	Work in progress to redevelop the club in a new environment

Club Introduction	The hastings skating Club has maintained its numbers and since Covid and our facilities opening up again our beginning numbers have grown and there is continuous interest in skating. Adults are getting in touch re adult fitness classes. There is finally some interest in speed skating as well.
How did your club respond to the Covid lockdowns?	Coaches kept regular contact with their skaters as did the Club. Many of our competitive skaters took part in online off skate sessions. These sessions were thoroughly enjoyed by those participating.
What has been the response coming out of Covid?	We have lost 2 competitive skaters and have a huge increase in interest from beginning skaters. Skaters have been keen to attend skating seminars being held.
<p>What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.</p> <p>Have you seen any growth?</p>	<p>We have approximately 30 skaters taking part in Club / Learn to skate sessions. Ages range from 3 to 40.</p> <p>There has been an increase in numbers of beginning skaters joining up as club members, and some new ones with the Federation.</p> <p>We are now seeing old Club member's children coming to skate and really enjoying it. There are also more mums and daughters skating.</p>
Any further comments you'd like to make?	The Club is vibrant with numbers growing, and many of our new skaters competing in their first competition and taking part in medal tests, this year.

Club Introduction HAWERA	It's been a tough year but I guess we are no different to other clubs, Hub floor resurfaced, Hub roof repairs and the virus has made this a really short season.
How did your club respond to the Covid lockdowns?	Shut out of "The Hub" so we all had a huge rest from skating.
What has been the response coming out of Covid?	The club life is back is operating as normal
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.	7 Federation skaters, tots to cadet. 5 Beginner skaters.
Have you seen any growth?	We have seen no growth but another 3 persons have shown an interest in coming to our club nights.
Any further comments you'd like to make?	We are all looking forward to the coming season and getting back into competitive skating and back to the official part of skating.

Club Introduction	Kapiti Speed Skating Club
How did your club respond to the Covid lockdowns?	n/a Skaters presently overseas
What has been the response coming out of Covid?	n/a
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Have you seen any growth?	Three Club Skaters
Any further comments you'd like to make?	

AGM Club Delegate Report 2020 MSSC

Topic	Comments
Club Introduction	We have a new executive. President Clare McIlhatton. Vice president Hollie Patete. Secretary Trudie Woolley. Treasurer Heike Wilson. Our committee is half speed and half artistic.
How did your club respond to the Covid lockdowns?	Everything was stopped at level 4. All facilities were closed No trainings although skaters were utilising social media to watch and look at training videos to use at home and to train via facebook live. Speed squad ran a few challenges and competitions amongst themselves eg how low can you stay? Level 3 facilities were closed. Level 2 club trainings were started. Contact tracing done. Level 1 all open for business. Discos at capacity and increased demand for LTS classes
What has been the response coming out of Covid?	-changes in club practices eg hireage of hall increases, job descriptions, amendments to policies contact tracing, future proofing, new committee, -increased demand for our sport from public -better awareness of safety and hygiene practices -better club communication with members and public -revenue stream hit
<p>What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.</p> <p>Have you seen any growth?</p>	<p>Club classes:</p> <p>Speed-2½ hours indoor/2 ½ outdoor (weather dependent) 7-12 skaters Art:5-7 hours a week with 6-9 skaters Learn to skate Adult: 2020 term 3:30+ Art: 2019 term 3:35 2020 term 3: 40 Speed: 2019 term 3: 7 2020 term 3: 20 Disco numbers have increased a lot since covid lockdowns to the point we have run out of hire skates at popular sizes</p>
Any further comments you'd like to make?	<p>-wondering how we can increase our revenue stream if we stay in level 2 with public activities eg disco, party bookings and LTS clases</p> <p>-lack of competitions for our skaters</p> <p>-would like ideas/information on how other clubs have managed and share their challenges and ideas.</p>

Club Introduction	Mt Wellington Roller Sports Club operates at Skateland in Mt Wellington, Auckland, and the club includes MtW Artistic, Speed, and Panthers Inline Hockey.
How did your club respond to the Covid lockdowns?	<p>Our Covid response has been very good. Once groups of 10 were allowed, the MtWellington Club Trustees were very generous and opened up the rink bookings for club trainings only (no public bookings) so that club members could have the opportunity to train. We have been very lucky because many other team sports have not been able to train.</p> <p>It has been important to keep our skaters engaged through online training videos during lockdown, and then with our small group sessions.</p> <p>Financially, we focused on supporting our skaters so that we could maintain our membership and that financial issues would not be a reason to give up our sport. The Trustees have very kindly removed club rink hire for 6 months, and the Club has paid the Federation fees for our skaters.</p>
What has been the response coming out of Covid?	<p>We are grateful to the Trustees for allowing us to use the rink. Our skaters have managed to keep up with a reasonable amount of training, although hockey games have been challenging. Unfortunately with so many competition cancellations, it has been difficult to maintain motivation, however Artistic is looking forward to the upcoming Area champs.</p> <p>Hockey players have been hit with the biggest financial issue, as their Oceania uniforms etc had already been ordered.</p> <p>Skating in general has picked up in worldwide popularity over lockdown as it was one of the few sports that was able to operate in some capacity, and availability of recreational roller skates has increased. Our Learn to Skate classes and public sessions have dramatically increased in numbers as new casual skaters are keen to learn. We are considering how to incorporate casual skaters into our club format, as this is now a giant new category of skaters that we should be taking care of.</p>

<p>What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.</p> <p>Have you seen any growth?</p>	<p>Club numbers: Learn to Play Hockey: Learn to Skate: Public sessions (these are not club activities, but have been growing rapidly during Level 1)</p>
<p>Any further comments you'd like to make?</p>	<p>We look forward to more competitive skating opportunities with our fellow clubs!</p>

AGM Club Delegate Report Nelson 2020

Topic	Comments
Club Introduction	The Nelson Club is proud to still maintain its own venue. This has been very important through Covid. We have four codes involved with our facility Inline Hockey, Roller Derby, Speed and Artistic. We are also open to the public every weekend for 3 public sessions as well private bookings for large groups.
How did your club respond to the Covid lockdowns?	We are happy to say that we only had to close completely for the 4 weeks of level 4 lockdown. During level 3 we are only open to our members, code training sessions and maintenance, In level 2 we increase that to being open to private bookings such as birthday parties ect during our public session times. We are only fully open to the public under level 1. We have used the lockdown to upgrade and improve our facility for our members and for our public.
What has been the response coming out of Covid?	We have found a positive response from our public when open under level one and have been very busy, And those booking privately under level 2 have been very thankful. Our learn to skate programmes over term 3 had doubled.
<p>What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.</p> <p>Have you seen any growth?</p>	<p>Total Current Nelson Club Members are Including Skaters, coaches and officials.</p> <p>Inline Hockey - 44 Roller Derby - 22 Speed - 28 Artistic - 8</p> <p>We have lost a few members this year but not meny. We expect to see this grow again as covid settles down around the country</p>
Any further comments you'd like to make?	

New Plymouth Club Report (Sept 2020)

Topic	Comments
Club Introduction	<p>The New Plymouth Roller Sports club cater to Figures, Derby, Rink and Inline, utilising a twin rink facility owned by the club. We have representation across all codes on our main executive and a good number of experienced volunteers operating the club.</p>
How did your club respond to the Covid lockdowns?	<p>We as a club took our initiatives from Sport NZ and Sport Taranaki backed up by Civil Defence and Skate NZ and following the “go early-go hard” stand to ensure safety of all members and public users. We cancelled public and club access to the rink early and submitted our safety response to Sport Taranaki for sign off. Initially we used IDME for contact tracing once we opened for training only, but then moved to the govt QR code app as it was developed and updated. We only recommenced public access in Level one, then cancelled again when moved to Level 2. We are about to recommence again. There have been some annoyed members and public due to the closure, however the club stood firm determining safety as a critical aspect.</p> <p>The club have lost a significant income towards operating and maintenance costs with the shutdowns as sessions are our highest income earner. We have been fortunate to receive PPE funding twice and Resilience along with KiwiSport funding but these amounts do not cover the loss overall. Moving to zoom meetings and keeping in touch with committee, members and regional RST has been a new development. The online platforms for communication open a whole new world of possibilities for development, coaching, crossing borders and sharing with others around the country and overseas.</p>
What has been the response coming out of Covid?	<p>Club members were in the main very supportive of the procedures put in place, Sport NZ funding has been accessed but as a non-profit and not employing staff, the amounts available have been at the lower end of the scale. There have been some members of the public annoyed at not being able to attend sessions. However, the upside has been a huge increase when we have been able to open to the public.</p>
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Have you seen any growth?	<p>In general, we have seen support from members, subs being paid and no drop off in membership. This appears to be across codes. I believe we have seen a resurgence in skating, the focus now is to get public skaters interested in taking their interest to the next level and join the club.</p>
Any further comments you'd like to make?	<p>Val Bedford has resigned from the main committee after many many years of service. This was recognised with a presentation made to her along with a “special” president’s pin. Val continues to be involved with Figures. Inline was to host NZ Nationals, we were advised very late that the event was cancelled, and we will host in 2021. NZ Secondary schools – also cancelled, moved to May 2021 and in NP. Rink Hockey Nationals will take place in October 2020.</p> <p>International events are on hold, a few disappointed NP skaters were unable to compete at this level in 2020. There are concerns about how this will impact further over the coming months. There appears to be no end in sight yet to the pandemic overseas, we are protected somewhat in NZ but still need to be cautious.</p>

AGM Club Delegate Report Template

NORTH SHORE ARTISTIC ROLLER SKATING CLUB

Topic	Comments
Club Introduction	we operate in an Auckland council facility. we only have group lessons, except when creating new routines. Since term 3 the Learn to skate classes are run by the club (they used to be run by ActivZone)
How did your club respond to the Covid lockdowns?	We charge per term in-advance so we had to credit the classes missed due Covid. Applied successfully for funding twice.
What has been the response coming out of Covid?	People were nervous to go back under level 2 and many chose to come back in term 3. We had more numbers than ever once we did fully open in term 3.
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Have you seen any growth?	6 classes per week - including 2 learn to skate classes. 3 senior coaches and 4 junior coaches. Yes we've seen a huge growth as we have taken over the learn to skate programme from ActivZone and every class is now run under the club.
Any further comments you'd like to make?	While in Level 2.5, we had to cancel our LTS classes due to number restrictions. We managed to keep going with the other classes following the council protocol.

Club Introduction	<p>Rollerland Report 2020</p> <p>Rollerland Rollersports is our Christchurch Artistic skating club.</p> <p>Rollerland has a total of 3 skaters and hall hire costs, availability and halls that allow skates remains a major issue for the club. Our hall hire costs have doubled this year and with only three skaters between covering hall hire and coaching costs the cost is prohibitive to attracting new skaters.</p> <p>All three skaters attended Nationals 2019 and competed in dance events. Rollerland received 3 medals, 2 golds and a bronze in Compulsory solo dance and free dance.</p> <p>Rollerland had 3 skaters attend medal tests in Nelson in 2019 and had 2 passes in medal test 3 and 3 passes in medal test 4.</p> <p>Areas was held in Christchurch in 2019 and the Rollerland skaters all achieved medals.</p>
How did your club respond to the Covid lockdowns?	<p>Our club skating stopped over the lockdown period.</p> <p>When we got to Level 2 we were able to recommence skating with strict Covid related guidelines in place.</p>
What has been the response coming out of Covid?	<p>We remain with 3 skaters and we continue with Covid precautions.</p>
<p>What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.</p> <p>Have you seen any growth?</p>	<p>We have a total of 3 skaters and they all do dance - one is Senior, one is Cadet and one is Espoir.</p> <p>We have had no skater growth.</p>
Any further comments you'd like to make?

Club Introduction	Rotorua Rollerskating Club Inc
How did your club respond to the Covid lockdowns?	Good, our coach ran zoom lessons.
What has been the response coming out of Covid?	Good, we have had to change a few things but everyone has adjusted.
<p>What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.</p> <p>Have you seen any growth?</p>	<p>23 Competition Skaters 44 learn to Skate skaters - Classes are full, till the end of 2020. 8 skaters completing development squad, of this at least 5 will take up competition skaters in 2021. 5 trainee coaches who have complete 18 months of training, 4 have also become accredited. 15 Active committee members 4 Quartet groups - competitive 2 small show groups - competitive 1 precision group - competitive 12 small / large show groups - non competition, show events only 1 precision group - non competitive show events only 1 Lead coach - Free skating, Figures, free dance, quartets, show groups 1 Lead Coach - Dance compulsory, figures, Precision</p>
Any further comments you'd like to make?	

AGM Club Delegate Report Template

Topic	Comments
Club Introduction	<p>South Canterbury Roller Sports Club inc. is a speed club based in Timaru. We have 3 groups of Skaters training on a regular basis, being the new starters - up to about 12 years, 12yrs to Senior and then Masters. Our clubrooms and banked track are a fantastic facility and owned by the club. From here we hold public learn to skate sessions weekly, as well as holiday sessions, discos and private hires. Coaches are Bill Begg, Cheryl Begg, Alan O'Connor & Chrissie Clarke.</p>
How did your club respond to the Covid lockdowns?	<p>Level 4 our facilities were obviously out of bounds. We formed messenger groups to keep all the families connected with the club based on their coaching groups. The younger ones were set small challenges every few days to help keep up the engagement. I.e. show your best cart wheel, or build a lego boat. The older ones were already in touch via social media anyway but the adults kept each other sane.</p> <p>It was really hard for our worlds team members – the unknown of when and if the worlds were happening so they worked hard to keep fitness up, some were lucky to live near skateable surfaces, so not so lucky.</p> <p>Level 3 we allowed the world skaters to use the rink individually but no one else.</p> <p>Level 2 – a huge thank you needs to go out to our coaches who did many extra hours coaching so that we could have 9 skaters plus 1 coach sessions. So instead of coaching for 2 hours on a day they were out coaching for up to 4 hours.</p>
What has been the response coming out of Covid?	<p>We started public sessions back up at level 1 – we added that 1 adult could skate for free with a paying child admission. We have had a very busy School holidays and public sessions right through until we hit level 2 again and closed to the public.</p>
<p>What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.</p> <p>Have you seen any growth?</p>	<p>We have seen a decline in the senior skaters with a few dropping out to go to university however we have had more new young ones joining that old ones leaving. So we have seen relatively stable total membership.</p> <p>Recreational Skaters – Social members/ non competitive speed training - 10 Speed Skaters - 52</p>
Any further comments you'd like to make?	<p>Obviously its been a challenging year for everyone, we are fortunate in that we are financially in a good position and currently with only being at level 2 not 3.</p> <p>It is important that we try to keep up the local and national competitions as much as possible so that our skaters don't lose the racing experience and to keep having things to aim for. We have been able to run the Southern Marathon Series and generally getting a turn out of 20 ish skaters, mainly club members plus 1 or 2 from other clubs. We are supporting and encouraging our members to attend other clubs competitions ie. The River City Tour and anything that Nelson or Blenheim put on. We are working on training parents to be officials with 1 very well</p>

	<p>attended training session already been held and parents keen to have another one and gain more experience.</p> <p>Our coaching team is currently identifying people with the right personalities to train to be coaches, as well as digitalising a lot of the technical knowledge that is currently all paper based.</p>

AGM Club Delegate Report Skatescool Tauranga Club Incorporated 2020

Topic	Comments
Introduction	Our Skatescool Tauranga Club was newly formed in February 2019 after growing alongside the Skatescool Rink over the last 5 years, and has grown over the last year even though we have not been able to attend anything since the North Shore Cup in October.
How did your club respond to the Covid lockdowns?	We ran off skate classes during lockdown, kept engaged with our community and skaters.
What has been the response coming out of Covid?	Very eager to get back into full swing and compete again.
Any further comments you'd like to make?	We have seen a huge intake of new recreational skaters flowing through the discos since lockdown. With many buying their first pair of skates and giving skating a go.
Skating Numbers and Growth What are your numbers of skaters	We are a very fast growing Club. We now have 33 competitive skaters. We have around 160 students coming for classes through the Skatescool Rink on a weekly basis, from which we ascertain those wishing to compete.
Skaters / Senior Skaters involvement (Coaching, judging, mentoring etc)	Kazna Bedford is the Coach in our Club and she is training the Skaters for competitions with the help of visiting coaches. Lisa Garrud travels from Auckland to Coach our Precision Team and Dance. We also now have Sarah Butler coming to coach our skaters in Freestyle and Figures which is very exciting. We try to take every opportunity to utilise other NZ coaches and all the skating opportunities on offer ie workshops with Macarena, Development Squads etc so we have a strong foundation of skills. We have a strong supportive group of parents as well and an exceptional team spirit and sense of belonging and ownership in our Rink and Club by all the Members.
Public Sessions	Skatescool Tauranga Club does not run their own discos, but the Competitive Club Skaters are all involved in the public discos that are run at the Skatescool Rink 4 times a week with an attendance of 40-100 people at each one. The Rink also hosts birthday parties and holiday programmes which exposes a large number of people to roller skating in Tauranga.
Community Involvement	We are regularly in the paper for our skating achievements and with Skatescool's bright purple van, classes, holiday programmes, birthday parties and discos we have a great skating presence around town. We have a great relationship

	<p>with the Roller Derby teams in Tauranga. They attended our National Skate Day celebrations and did demonstrations to the public along with our freestyle skaters which were well received.</p> <p>These holidays we are running a pop up rink at the local mall for 2 weeks which will allow 1400 people to come and give skating a go for free, which we are very excited about.</p>
Life Members	N/A

AGM Club Delegate Report – Tauranga Roller Skating Club

Topic	Comments
Club Introduction	<p>Tauranga Roller Skating Club.</p> <p>We have around 35 members including skaters and non-skaters (parents and care givers).</p> <p>We have 2 members coaches currently (Jenny Bailey and Michelle Webb), and we bring over a coaches from other clubs for assistance with certain disciplines.</p> <p>The aim of the club is to promote artistic roller skating and skating in general.</p>
How did your club respond to the Covid lockdowns?	<p>Our members were fortunate enough to skate at Laurie Hastie just before lockdown. They were glad to have had at least one event to have competed in for 2020 so far.</p> <p>Many of our members had intended to skate at the Northern Areas and then hopefully at Nationals but these did not happen for obvious reasons.</p> <p>During the level 3 & 4 lockdown no activities took place, although many skaters implemented routines at home to keep fit.</p>
What has been the response coming out of Covid?	<p>During Level 2 and 1 skating practices have resumed.</p> <p>While there are have been no competitions entered to date, our skaters have been working on their routines and progression through the levels in preparation for when competitions resume.</p> <p>We have also been able to hold disco events during level 1 & 2 for fundraising and club promotions.</p>
<p>What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.</p> <p>Have you seen any growth?</p>	<p>Members who participate in Dance, Figures, Free style and Free Dance:</p> <p>Recreational / Entry Level : 19</p> <p>The club has seen a significant increase in recreational/entry level skaters (19 this year), with many younger, but also adult skaters too.</p> <p>We recently held patch tests for these new members, 38 patches were earned across 13 new skaters.</p> <p>We have appointed a new coach (Jenny Bailey) for these new members, and are currently working towards getting 2 other younger experienced skaters their coaching accreditation.</p>
Any further comments you'd like to make?	<p>After members of the previous team resigned, we have recently elected a new President and Treasurer, but our previous members who held these roles are staying on in our committee – we are grateful for their ongoing support while the new team get up to speed.</p> <p>We are very excited about the growth in new members, and look forward to seeing them progress. It has also exciting to see some of our younger members take up responsibilities in the club.</p>

AGM Club Delegate Report Template

Topic	Comments
Club Introduction	<p>Upper Hutt Roller Skating Club was formed in 1982 and over the years has grown. Our skaters range in age from 5 to 70. As well as catering to a wide range of age groups.</p> <p>The club operates its own rink, providing learn to skate classes, and facilities for private coaching. We also hire out the rink for private bookings that range from birthday parties to holiday programmes and community based groups that support local youth. Our facilities are also used by an inline hockey club, roller derby team and roller hockey team.</p>
How did your club respond to the Covid lockdowns?	<p>UHRSC followed the guidelines provided via Sport New Zealand. Discos were cancelled as were patch classes. As the Covid levels reduced, we worked on ways to return to the rink while keeping in mind all restrictions. This included running small groups for our learn to skate classes and asking parents to wait in cars. More recently we closed our public sessions and instead booked tables which gave us the ability to create an income while keeping everyone safe.</p> <p>QR codes, a sign in book and sanitiser are all available.</p>
What has been the response coming out of Covid?	<p>People have been very keen to return to the rink with some good numbers coming in through our public sessions currently, as well as steady numbers attending patch on a weekly basis.</p>
<p>What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.</p> <p>Have you seen any growth?</p>	<p>Full Card 34 Part Card 6 Patch 52</p> <p>Junior members 60 Senior members 7 Family memberships 20 Social members 18 Associate members 3</p> <p>Our patch/learn to skate classes are very well attended at the moment and our private coaches are very busy with their own skaters.</p>
Any further comments you'd like to make?	

AGM Club Delegate Report Template

Topic	Comments
Club Introduction	We are a small club, with keen skaters and parents. We run a learn to skate programme along side our main session and this is attracting new skaters that attend regularly.
How did your club respond to the Covid lockdowns?	We stopped training in groups and encouraged our skaters to keep up off skate training, going for walks or runs close to their house, and if there was a empty car park nearby to use that for skating training with in their bubble. Due to it being our light season, impact was not huge. We started training together at Level 2.
What has been the response coming out of Covid?	Keen for people to get together and start training again.
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Have you seen any growth?	We have 6 registered speed skaters, 4 went to nationals and 1 of them went to Oceania's 2019 and Worlds 2019. We also had 6 learn to skate skaters regularly attending throughout the year.
Any further comments you'd like to make?	As a club we are in a good place, we are growing with our learn to skate programme and this coming year we are looking at some of them going on to Speed skates and attending competitions.

AGM Club Delegate Report Template – Wanganui 2020

Topic	Comments
Club Introduction	Club Report from Wanganui for 2020 AGM. We are the Wanganui Roller Sports Incorporated. We have 3 Sections, Speed, Artistic and Roller Hockey. We also run a Skating Rink.
How did your club respond to the Covid lockdowns?	<p>Level 1 – As normal with QR Code and Hand Sanitiser only.</p> <p>Level 2 _ Rink was shut to all sessions. Recently decided we could safely open for private sessions too. Training allowed to happen with Club Committee approval and measures in place like contact tracing, hand sanitiser, cleaning. Training to focus on more individual exercises, this is easier for Artistic, not so bad for Speed but harder for Roller hockey.</p> <p>Level 3 – Rink closed. Training had stricter rules, especially with group limits at 10. Training resumed with smaller groups and individual exercises the focus.</p> <p>Level 4 – Both Rink and training unable to occur in Level 4.</p>
What has been the response coming out of Covid?	Our Rink got very busy, biggest sessions were run in many a year. People wanting to get out after restrictions. We were gaining in popularity and memberships prior to latest level 2. Training largely unaffected in Level 2.
<p>What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.</p> <p>Have you seen any growth?</p>	<p>Numbers below based on Club Membership, not federations as at 16/09/2020.</p> <p>Artistic – 32 - Numbers down a bit from last year.</p> <p>Roller Hockey – 55 – Numbers up from last year.</p> <p>Speed – 63 – Numbers similar to last year, maybe slightly up.</p> <p>Recreational – 15 – Numbers down. Lockdown partly to blame as new memberships normally issued when we were closed. Picked up prior to latest Level 2. Haven't been actively seeking Recreational Memberships.</p>
Any further comments you'd like to make?	No comments from the Wanganui Committee.

AGM Club Delegate Report – Hamilton Roller Skating Club

Topic	Comments
Club Introduction	<p>Hamilton Roller Skating Club (HRSC) has been in continuous operation for close to 40 years. As part of our facilities we own an international sized banked track and a large concrete rink which is secure, partially enclosed and undercover. We also have a small clubroom and skate room where we hire out several hundred pairs of hire skates.</p> <p>Since the last AGM we have the same president (Tanz Podjursky) and vice president (Sarah Barlow). Our current secretary Donna Cunniffe sadly stepped down after an amazing year with her and we now have had Helen Hughes kindly take up the role of Secretary. Our committee has got slightly smaller with a couple of members standing down at our last meeting.</p>
How did your club respond to the Covid lockdowns?	<p>We kept in contact with coaches, the Trust and skaters through messenger groups that we set up and zoom meetings. Coaches encouraged skaters to practice what they could off skates and kept in contact weekly with skaters and themselves. We also encouraged all skaters to do a dress up run with skates on as if they were competing at Nationals or a fun photo and posted their photo to the group on messenger.</p>
What has been the response coming out of Covid?	<p>We re-entered the rink for private coaching at Level 2 with all the precautions provided and set up – sanitizer, contact tracing, safe distancing and limited numbers. Learn to skate and any public sessions had to be postponed until Level 1 as we still attracted over 100 people to these sessions. Which is a shame because we are starting to get many learner skaters wanting to move to private group coaching, this is something that we will address as soon as we move back into Level 1.</p> <p>All monthly speed club events had to be postponed or cancelled which provide opportunities for new skaters and skaters from other clubs in the North Island to participate in.</p> <p>Fortunately, in February, Speed hosted 2020 Banked Track Nationals. The weather was good for this outdoor event and the large number of skaters and officials enjoyed our track and club facilities. We had a team of 15 skaters representing Hamilton, by far our biggest team to date.</p>
<p>What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired.</p> <p>Have you seen any growth?</p>	<p>Currently the club still sits around 36 (23 representing the artistic discipline and 14 representing speed)</p> <p>We still have two skaters from Tokoroa train alongside of us and await the return of the Tauranga skaters once we move back to Level 1.</p> <p>We currently have four coaches offering private coaching in the disciplines of free style, figures and dance.</p> <p>Speed is also coached and trains at the rink and bank track throughout the week.</p> <p>Unfortunately, there has only been little growth since our last AGM. We have had new members join but have also lost members due to changing sports, not returning after COVID and we will be losing several more with school commitments at the end of this year.</p>
Any further comments you'd like to make?	Because of the way our year has been with COVID, it has been a

	<p>bit disjointed and now we have a new norm, we have come out the other end and still have quite a strong group of skaters hanging in there. We all await a more safe and healthy year in 2021 and look forward to being able to attend competitions.</p>

Club Introduction	IHNZ
How did your club respond to the Covid lockdowns?	Issued all clubs with bulletins, alert levels, covid tracer apps, information around grants etc and newsletters to ensure good communicationflow
What has been the response coming out of Covid?	Very mixed – disappointed in the lack of games and time away from the sport. Will lose players next year due to cancellation of tournaments and international events
What are your numbers of skaters (club, classes & recreational as applicable)? You may specify by discipline if desired. Have you seen any growth?	Numbers have stayed the same with majority of registrations taken prior to lockdown. A lot of work is currently taking place to re engage with players to ensure we maintain number s next year. Learn to Play feeder programs will become very important next year for numbers.
Any further comments you'd like to make?
