## SPORTS COMMITTEE RULE ALTERATIONS

### **PURPOSE:**

To ensure that rule changes made by Sports Committee are timed so as to avoid disruption to the skating year and to avoid any unnecessary confusion by altering technical requirements at short notice.

### **PROCEDURES:**

Any rule changes proposed by Sports Committees that affect competition technical rules/requirements or schedules need to be finalised and published no later than 6 months prior to the New Zealand Championships where they are to take effect.

Notwithstanding the previous paragraph changes to International Rules may in certain circumstances, have to be immediately adopted for use in New Zealand.

Rules are to be presented in their entirety with changes clearly identified to the Board for ratification.

Approved	November 2000
Last Amended	November 2021
Next review	November 2023
