## CLUB MEMBERSHIP TRANSFERS

### OBJECTIVES:

To ensure a clear procedure is in place for members to follow should they decide to transfer from one club to another.

### PROCEDURES:

- 1 In the course of one season an athlete may participate in competitions for one and the same Club only, unless an official transfer is requested. For the purpose of this clause, Club representation may be separate for artistic, precision and speed. This clause will not apply where a skater shifts their residential address outside the normal area serviced by their Club. (Bylaw 5.01.04)
- 2 A registered skater wishing to change clubs would normally complete the year for the club they have been skating for during that year. Should their membership of their club have not expired, they must resign from that club (origin club) and request a transfer to the new club.
- 3 If the skater has qualified for a New Zealand Championship, they must complete the New Zealand Championships with their origin club before requesting a transfer to the new club.
- 4 A release letter from the origin club must be written to the new club advising that the particular skater has been released from that club. Such release should not be unreasonably withheld.
- 5 The new club must advise Board Secretary that the particular skater has joined their club and forward a copy of the release from the origin club.

Approved	July 1999
