CONFLICT OF INTEREST

CONFLICT OF INTEREST IN THE CONDUCT OF NZFRS BUSINESS

PURPOSE:

To ensure discussions and decisions are not unduly influenced by members with a conflict of interest. This will in turn lead to better and fairer decisions being arrived at which is desired by all members of the Federation. Federation decisions should not only be fair but are perceived to be fair.

PROCEDURE:

1. It is incumbent on any member of a Federation Committee to declare a conflict interest in any item on the agenda at any Federation sanctioned meeting, including AGM's, Board meetings, and Sports Committee meetings.
2. In specific matters members with a conflict or vested interest in the outcome of a decision will be directed by the Chairperson and/or the meeting to withdraw from the discussion leading to a decision and will be asked to withdraw from the meeting room until the matter is resolved or leads to a decision.
