Junior Ladies Figures

About Myself

I am an 18 year old skater from Te-Moana-a-Toi rollerskating club, and I am currently a student at Mount Maunganui College, looking to pursue a degree in commerce next year. I compete mostly Figures in the Junior Ladies grade, but also do Loops in the Matanga grade. I got my first pair of skates when I was 8 years old, and have been competing since 2019. Skating is my greatest passion, and it has always been my dream to compete at the world championships. I love how this sport has created so many amazing memories and friendships to last a lifetime, and it has taught me important values such resilience, teamwork, and and confidence.

Community Involvement

Other than skating and competing myself, I love to coach younger skaters. I have been coaching the kiwiskate program at my cub on and off for almost four years, and have also helped with coaching some figures more recently while I achieved my SSLI certificate. I also completed a unistart law paper at university of waikato earlier this year, and my hobbies include reading and spending time with friends
