

Amy Cheetham

Senior Figures

About Myself

I am a 20 year old student-athlete from Tauranga and have been skating since 12 years old. Skating has allowed me to travel and make valuable friendships with skaters all throughout the country. It has taught me the value of perseverance, discipline, and confidence—skills I carry into all areas of life. I have been selected for Senior Figures to compete at the World Figure Cup, and for Senior Freeskating to compete at the Oceania Championships. I'm currently studying a Bachelor of Communication double majoring in Marketing and Communication Design at the University of Waikato, balancing full-time study with an international level of training. I am beyond excited to be competing on the World stage, it has been a dream of mine ever since I began skating.

Community Involvement

Alongside my own training, I'm passionate about helping others discover their love for skating. I've coached learn-to-skate classes for several years, supporting young skaters as they develop both their technical skills and confidence. Outside of skating I've been actively involved in a range of volunteer charity and church based initiatives. These experiences have helped shape my values around leadership, empathy, and community.
