

Phoenix Reid

Senior Figures

About Myself

I am a student athlete who was born and raised in Palmerston North. I am currently studying towards my MSc in Biological Sciences after completing

my BSc with a double major Biochemistry and Physiology in 2022. I have been skating since I was 5 years old and carry the discipline, resilience and friendships it has gifted me with into all areas of my life. To support my skating I work various jobs including as a skating coach. I love passing my knowledge and experiences on to the next generation of skaters.

NZ Nationals 2025:

- 1st Senior Ladies Figures
- Senior Aggregate Cup (Co-recipient)
- Jack Farnthorpe Award for international success

Community Involvement

I serve as the skater's representative on both the Manawatu Skating Club and New Zealand Artistic Committees which requires me to connect with our skating community, coordinate projects and be the voice for our skaters.

I also coordinate the League competitions for beginner skaters in my area.
